Light and relaxed

Rounded and discreet, the black Philips myGarden Eagle wall light brings your garden to life with vivid and energizing light from its classic dome shape. Place it anywhere for plenty of light and plenty of style.

Match your exterior style

- Designed for outdoor use - water resistant IP44

Sustainable light solutions

- High quality LED light
- Energy saving
- Warm white light
- Long operating life up to 15 years

PHILIPS

Highlights

High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Long operating life

A light source you can trust. The integrated LEDs, used in this Philips LED lamp, will last up to 15.000 hours (which equals 15 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambiance in your home.

Designed for outdoor use

This Philips outdoor light is especially designed for humid outdoor environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This outdoor light is designed with IP44: it is protected against splashing water, this product is most common and ideal for general outdoor use.

Specifications

Design and finishing

- Material: synthetics
- Color: black

Product dimensions & weight

- Height: 17 cm
- Length: 17 cm
- Width: 7.4 cm
- Net weight: 0.248 kg

Technical specifications

- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED
- Number of bulbs: 1
- Wattage bulb included: 3 W
- Light color: warm white
- Fixture dimmable: No
- LED
- Built in LED
- IP code: IP44, protection against objects bigger than 1 mm, protection from splashed water
- Class of protection: II - double insulated
- Light source equivalent to traditional bulb of: 27 W

Service

- Warranty: 1 year(s)

Packaging dimensions & weight

- Height: 18.8 cm
- Length: 18.3 cm
- Width: 8.3 cm
- Weight: 0.379 kg
